Report on Guest Talk on "Higher Study in India and Abroad" by Y. D. Rajendra,
Overseas Educational Head, DREAMMINT INTERNATIONAL

A guest talk was held by Y. D. Rajendra, the Overseas Education Head from the **DREAMMINT INTERNATIONAL** organization for the 3rd year Mechanical Department Students. Students from all three sections were present, with a total strength of 70. The HOD of the Mechanical Department, Dr. Sridhar Kurse, addressed the gathering before the session commenced.

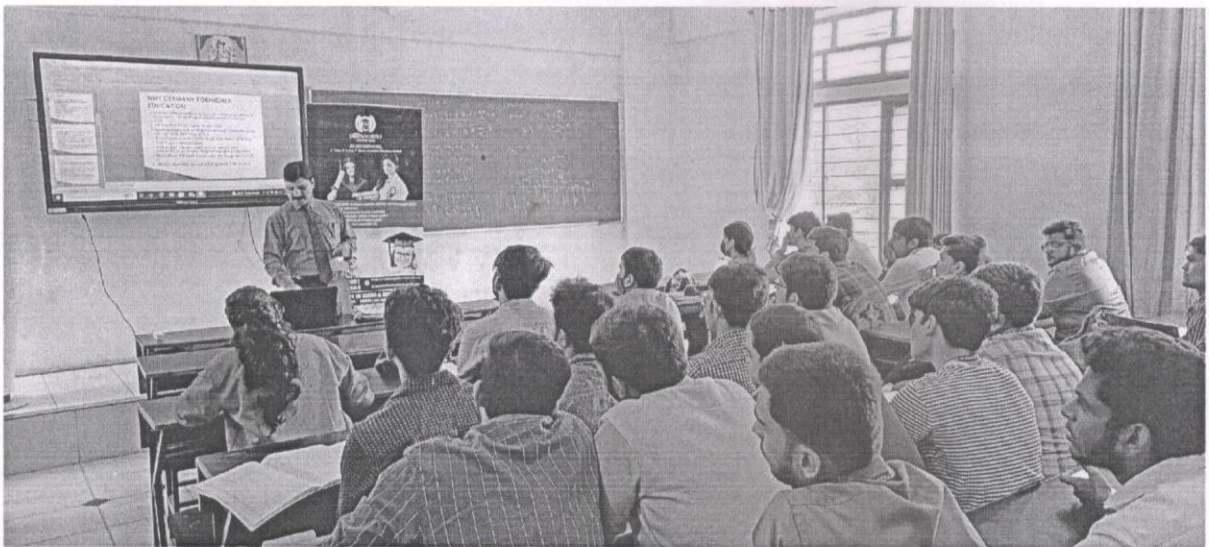

The session began by the employee asking the students how many were interested in the prospects of studying abroad. A good response was seen and we were further educated about the various career paths after completing Bachelor's degree. The main focus being on pursuing a Master's degree abroad and the various steps that need to be taken to pursue that path. The speaker from the organisation DREAMMINT informed about the various processes that the organization assists students towards higher study in abroad. From enabling students to take the required exams with the right guidance, to speeding up the visa process and taking care of communication with the respective Universities.

At the end of the session, the students had an array of interesting questions, ranging from what foreign languages to be learnt, to which exams must be completed, to which Master's Programme to enrol in.

All in all, it was a very informative and fruitful session that gave the students a thorough insight on the whole post-graduation process. Finally, fliers were distributed to all the students and the names of the interested Students were taken down.
