The Webinar on “Past, Present and Forecast of Job Opportunities at the effect of COVID – 19” was conducted by Department of Mechanical Engineering, NHCE dated on 06th June 2020. The webinar started at 11:00 AM. Dr. M. S. Ganesh Prasad, Dean, Professor & HoD – ME welcomed the Alumni and participants. All the alumnus introduced to themselves and shared their experience of getting a job and the way they groomed in getting into their respective position. Explained the current scenario regarding job market and as giant companies are planning to shift their manufacturing units from China to India there is a great opportunity for Mechanical Engineering aspirants. Suggested students what to and how to prepare themselves as per the requirement of job market.

Students were very much involved and there was a healthy discussion between alumni and the students regarding the opportunities for higher studies here after and many more.

At last alumni expressed that they were happy for being a part of this event and the webinar was finally concluded by Prof. Manjesh B C, Sr. Asst. Professor & Alumni Officer.
