It is important for you to put in efforts and move a minimum of one level from your current state before you join us back. To help you achieve this level movement, we are providing you with a list of self-learning courses through which you can continue with the skill building and utilize the time in hand between your internship completion and till you join us back.

Request you to go through the courses to ensure the minimum language readiness that is expected from you at the time of joining Cognizant as full time employee.

Industry Standard Assessment Level	Assessment score	Correlation to CEFR Proficiency (Industry Standard Assessment)	Desired Category
Basic/Beginner	0 - 120	A1 Low	Newbie
level 1	121 - 240	A1 High	Newbie
level 2&3	241 - 472	A2 Low	Newbie
level 4	473 - 620	A2 High	Beginner
level 5&6	621 - 916	B1 Low	Beginner
level 7	917 - 1064	B1 High	Intermediate
level 8	1065 - 1212	B2 Low	Intermediate
level 9	1213 - 1399	B2 High	Advance
level 10	1400 - 1581	C1	Advance

We also encourage you to take up any other additional self-paced learning and explore other external learning platforms to build your English language skills. The more you learn and practice, the higher is your preparedness to the job role and project/customer interactions you would be shortly experiencing

Happy Learning!

IMPORTANT

3. Please go through carefully each of the terms spelt in para 2(a) to (n) and also apprise the student(s) of the same.
4. It is our experience that most student(s) who report here for training are ignorant of the rules especially 2(h) to 2(k), non-compliance of which would entail the students to be sent back. It is also important that the students should report for training at one time. In case of drop out etc., the institution has to communicate to us in writing for further action.
5. It is also observed that students from out station colleges often break their Project Work / Internship on the grounds of attending to college / examination etc. which in turns delays the completion of their Projects / Internship and create inconvenience. It should be ensured that the students should be present continuously and complete their project / Internship within the stipulated period. Students should be advised to adhere to this stipulation scrupulously, failing which their project / Internship will be terminated.
6. If the student(s) is/are agreeable to the above terms & conditions, they are advised to report to the HRD Cell between 8.30 AM to 11.00 AM on the day of the Project / Internship Allotment for further action.

Thanking You,

Yours sincerely,
