1. Introduction

The industrial visit to SAP TechEd 2025, held at the Bangalore International Exhibition Center (BIEC) on the 25th and 26th of November 2025, was organized for the students to gain practical exposure to modern industrial software technologies and enterprise solutions. The objective of this visit was to provide students with real-time learning opportunities in SAP technologies, industry requirements, and emerging digital transformation trends.

2. About SAP TechEd

SAP TechEd is one of the largest global events conducted by SAP, focusing on enterprise application software, cloud technologies, digital transformation, artificial intelligence solutions, SAP ERP, and industry-ready tools. The event brings together experts, developers, academicians, and students to explore the latest advancements in SAP technologies.

3. Objectives of the Industrial Visit

- To provide students with exposure to real-time SAP applications and enterprise solutions.
- To understand modern industrial practices and technological advancements.
- To bridge the gap between academic learning and industry expectations.
- To explore different SAP modules such as MM, PP, SD, FICO, and Cloud Platform.
- To motivate students toward innovation, research, and skill development.

4. Activities During the Visit

The students actively participated in various sessions, workshops, demonstrations, and exhibitions during the two-day SAP TechEd event.

a) Keynote Sessions

- Introduction to SAP's latest technological advancements.
- Future of enterprise software and digital transformation.
- Industry insights on artificial intelligence, machine learning, and cloud ERP.

b) Hands-on Workshops

- Demonstration of SAP S/4HANA operations.
- Real-time exposure to Materials Management and Production Planning modules.
- Cloud deployment and SAP Business Technology Platform (SAP BTP) practical insights.

c) Exhibition and Demo Stalls

- Interaction with industry experts and SAP developers.
- Overview of new SAP tools, technologies, and industry solutions.
- Exposure to case studies from manufacturing, logistics, and finance sectors.

d) Student Interaction Sessions

- Discussion on career opportunities in SAP domain.

- Guidance on certifications, internships, and training modules.
- Opportunity to clarify technical queries with professionals.

5. Learnings and Outcomes

- Enhanced understanding of SAP modules such as MM, PP, SD, and SAP BTP.
- Exposure to real-time industrial applications and workflows.
- Knowledge of cloud-based business processes and analytics.
- Understanding of technical advancements in the IT and enterprise domain.
- Improved awareness of career opportunities in SAP ecosystems.

6. Student Feedback

The students expressed that the visit significantly enhanced their practical understanding of SAP technologies. They found the hands-on sessions and expert interactions extremely beneficial for their academic growth and career planning.

7. Conclusion

The industrial visit to SAP TechEd 2025 was highly successful and informative. It provided valuable learning beyond the classroom and motivated students to explore emerging technologies. Such industrial exposure is essential for bridging theoretical knowledge with real-world industrial practices.
